

Community Behavioral Health Providers

This list is compiled as a convenience for parents and school staff. View Point Health does not accept responsibility for the quality of services provided by any of these organizations. Please note that the availability of in home services accessible for each family will be based on a family assessment as well as the mental health benefits available through the insurance company. Different providers also offer different options of support and services so please ask questions to determine which provider is best able to meet the service needs of each family member. Revised 9/21/2017
